

Dr. Kelvin Wan, PMP, PMI-ACP

VP Certification – Project Management Institute Hong Kong Chapter

Senior Instructor, HSBC

Kelvin is an experienced project professional. He has been the global project manager in HSBC in 2007-2008 to rollout a multi-million USD learning project to 78 countries. In his current role, his main responsibilities are overseeing the project professionals' up-skilling, capability assessment and PM curriculum development for the company.

He is a partitioning-scholar. His recent research paper about Soft Competence for Project Managers has been accepted by a renowned US forum and published on major search engines.

He is also a professional trainer. He has been training 4000+ project professionals in last 10 years coming from US, UK, Middle East, Asia Pacific regions on soft skills, methodologies and strategies

Recently, Kelvin, VP Certification of PMI HK, has been the pioneer in the world who acquired the new PMI Agile Certified Practitioner (PMI-ACP) qualification with the highest assessment results in all areas (tools, techniques, knowledge and skills).
